INFORMATION BROCHURE

MESSAGE FROM FOUNDER & DIRECTOR'S DESK

Dear Students/Parents,
Welcome to Vidyam Classes!

At VIDYAM, our mission is simple yet powerful – to empower every student with the clarity, confidence, and competence to crack JEE or NEET (UG) entrance exam.

As a Founder & Director, I believe that success is not just about hard work, but about the right guidance, personalized mentorship, and consistent practice.

Over the years, I have witnessed countless students transform their dreams into reality with the right support system.

VIDYAM CLASSES stands apart because we focus not only on academic excellence but also on building strong values, discipline, and resilience in our students. With expert faculty, proven results, and innovative teaching methodologies, we ensure that every child gets the best possible platform to achieve success.

At Vidyam, we don't just teach – we inspire. We don't just prepare – we transform.

I invite you to be a part of our journey and witness how Vidyam can make a difference in your child's future.

VIVEK SHARMA
(FOUNDER & DIRECTOR)

Dear Students/Parents,
Greetings!

At **VIDYAM CLASSES**, we believe that every child is unique and deserves the right environment to unlock their full potential. While competition is tough, with the right mentorship and consistent effort, success is within reach for every determined student.

In today's competitive world, just studying hard is not enough. Students need Smart Strategies, Time Management Skills and Exam Temperament.

Our goal is not just to prepare students for exams, but to nurture future leaders, innovators, doctors, and engineers who will contribute meaningfully to society.

We emphasize conceptual clarity, disciplined practice, and constant motivation to ensure that every student feels confident about their journey.

As a Founder & Director, I personally ensure that the teaching methods at VIDYAM remain student-friendly, stress-free, and effective.

At VIDYAM, learning is not a burden – it is an exciting journey Towards Your Dream Career.

We look forward to associates with you on this path of knowledge, growth and success.

PANKAJ KUMAR
(FOUNDER & DIRECTOR)

Why Vidyam Classes

Q. What is the difference between Vidyam Classes & Branded Institute?

- Ans.: (1) Branded Institute is business oriented but Vidyam Classes is Education oriented where problem of each students, their logical solution & performance improvement is given priority (because teachers are owners in Vidyam).
- (2) In branded institute teachers are salaried & they can be changed / transferred at any time during the course. It causes lot of problem to student. But in Vidyam, teachers are dedicated & fixed, as they are owners.
- (3) In branded institute very less teaching time is allotted, as a result less explanation of concepts is given to students. But at Vidyam classes sufficient time is given for concept discussion & practice.
- (4) There is less doubt discussion by Senior teachers in branded institute.
- (5) Proper care, motivation, guidance to average is given to average students at Vidyam Classes, whereas in other branded institutes only selected intelligent students are motivated for result in a special batch.

Q. How to Acheive under 1000 Rank in NEET / JEE ?

- Ans.: (1) Knowledge (2) How to write exam under so many known / unknown pressure (3) Confidence of doing so in exam.

Q. What are the Challenges ?

- (1) Knowledge of the complete syllabus (syllabus completion by mid-February).
- (2) All concepts must remain at least 95% fresh in mind at the time of NEET-2026 revision. Example: When you study Chapter 15 (Optics), you tend to forget Chapter 2 (Laws of Motion), and when you study Laws of Motion, you forget Optics.
- (3) If General Organic Chemistry (GOC) and reaction mechanisms are not clear, then it becomes difficult to properly understand other organic chemistry chapters. 🔑 Key Questions
- (i) How to revise so that concepts understood in the last 6 months (till April) stay as fresh and applicable as if they were studied just 2 days before?
- (ii) To gain confidence, at least 250 mock tests must be given between September and April (in 8 months), with complete analysis of every test. But how to manage this effectively?
- (iii) What kind of time table/plan should be made so that all these challenges can be tackled?
- (iv) How to maintain concentration during Tests / Study / Class time?
- (v) How to avoid silly mistakes?
- (vi) How to increase analytical skills?
- Because only students with strong knowledge and analytical skills can solve reasoning-based, tricky, and difficult questions.
- (vii) How to increase the natural speed of the mind for solving questions? Because accuracy in NEET / JEE will always depend on the natural mental speed at which one can think and solve.

COURSES AT A GLANCE

NEET (UG) Classroom Programs

1

Two Year Regular Classroom Program for NEET

For Class X to XI Moving Students/XI Studying

Orientation of Batches Starts From : 3rd week of March onwards

Class Program: 4 to 5 days in a week

Lecture Hours : 3 Hours 30 Min. Per Day

2

Two Year Weekend Classroom Program for NEET

For Class X to XI Moving Students/XI Studying

Class Program : 2 days in a week (Saturday / Sunday)

Lecture Hours : 6 Hours Per Day

3

One Year Regular Classroom Program for NEET

For Class XI to XII Moving Students/XII Studying

Orientation of Batches starts from : 2nd week of March onwards

Class Program : 4 to 5 days in a week (3 Hours 30 Min. Per Day)

4

One Year Classroom Program for NEET

for XII Pass Students

Orientation of NEET Batches Starts from : 1st Week of May Onwards

Class Program: 4 to 5 days in a Week

5

Capsule Program for NEET (UG)

For Class XII Studying / XII Pass

Orientation of Batches starts from 1st week of November onwards

6

CRASH COURSE for NEET

OFFLINE | ONLINE | HYBRID MODE

Orientation of Batches starts from 3rd week of March onwards

7

WINNER TEST SERIES (WTS) for NEET

OFFLINE (TEST & DISCUSSION) | ONLINE | WITH TEST DISCUSSION VIDEO RECORDING

Test Start from November onwards

COURSES AT A GLANCE

JEE Classroom Programs

1

Two Year Regular Classroom Program for JEE

For Class X to XII Moving Students / XI Studying

Orientation of Batches Starts From : 3rd week of March onwards

Class Program: 4 to 5 days in a week (3Hours 30 Min. Per Day Class)

Total Lecture Hours : Best in Industry

2

Two Year Weekend Classroom Program for JEE

For Class X to XI Moving Students/XI Studying

Orientation of Batches starts from : 3rd week of March onwards

Class Program: 2 days in a week (Saturday & Sunday), & one day of optional hybrid class in evening if required

6 Hours Per Day

3

One Year Classroom Program for JEE for XII Pass Students

Orientation of IIT-JEE Batches Starts from :

1st Week of May Onwards | Class Program: 4 to 5 days in a Week

4

One Year Regular Classroom Program for JEE

For Class XI to XII Moving Students/XII Studying

Orientation of Batches starts from : 3rd week of March onwards

Class Program: 4 to 5 days in a week

5

Capsule Program for JEE

For Class XII Studying / XII Pass

Orientation of Batches starts from : 1st week of November onwards

ADMISSION PROCESS

A student can take admission directly on the basis of percentage of marks/grades or through "Vidyam Scholastic Aptitude Test (V-SAT)".

CUT OFF MARKS / PERCENTAGE / GRADE FOR DIRECT ADMISSION:-

Those students who have secured above 70% aggregate marks or B1 Grade in Science & Mathematics can take direct admission otherwise; he/she will have to appear in our "Vidyam Scholastic Aptitude Test (V-SAT)".

Documents required for all Classroom Courses at the time of Admission:

1. Two recent passport size colour Photographs.
2. Self-attested photocopy of mark-sheet of last School / Board Exam.
3. Demand Draft (DD) / Post Dated Cheques (PDCs) of Course fees.
4. Online Payment Transfer Slip.

COURSE STRUCTURE & FEE DETAILS

TWO YEAR REGULAR / WEEKEND CLASSROOM PROGRAM (XIth STUDYING)

- ◆ Eligibility : X Passed
Course Duration : March/April 2026-May 2027
- ◆ One hour 40 minute. duration Class in each Subject /2 Subject per day.
- ◆ Systematic and planned teaching supported with Weekly Test.
- ◆ Monthly Test is conducted for 3 hours duration.
- ◆ Monthly report card is sent to the parent's mail id.

FEE DETAILS	
Lumpsum Amount	Rs.2,40,000 + GST @ 18%
Total Course Fee (4 Installments)	Rs. 2,50,000 (excluding GST) @18%
1st Installment Date (Admission Time)	80,000/-
GST @18%	14,400/-
Total	94,400/-
2nd Installment Date (07/10/2026)	70,000/-
GST @18%	12,600/-
Total	82,600/-
3rd Installment Date (07/03/2027)	60,000/-
GST @18%	10,800/-
Total	70,800/-
4th Installment Date (07/07/2027)	40,000/-
GST @18%	7,200/-
Total	47,200/-

ONE YEAR REGULAR CLASSROOM PROGRAM (XII STUDYING)

- ◆ Eligibility : XI Passed
Course Duration : March/April 2026-May 2027
- ◆ 5 Days weekly classes
- ◆ Weekly Tests (Subjective / Objective)
- ◆ The methodology of teaching systematically. Class XII syllabus will be discussed in detail and XI-Syllabus will be revised.

FEE DETAILS	
Lumpsum Amount	Rs.1,25,000 + GST @ 18%
Total Course Fee (2 Installments)	Rs. 1,30,000 (excluding GST @18%)
1 st Installment	70,000/-
GST @18%	12,600/-
Total	82,600/-
2 nd Installment (08/08/2026)	60,000
GST @18%	10,800/-
Total	70,800/-

Repeater/XII Passed Fee Structure same as One Year Regular Classroom Program.

COURSE STRUCTURE & FEE DETAILS

CAPSULE PROGRAM FOR NEET / JEE – 2026

FEE DETAILS	
Lumpsum Fees	Rs.40,000/- + GST @ 18%

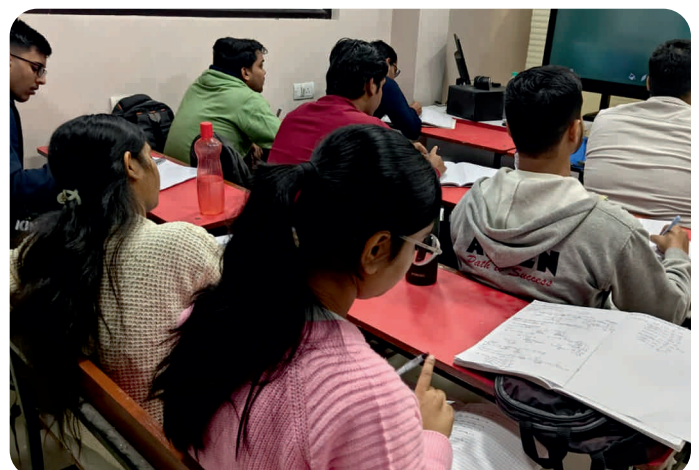

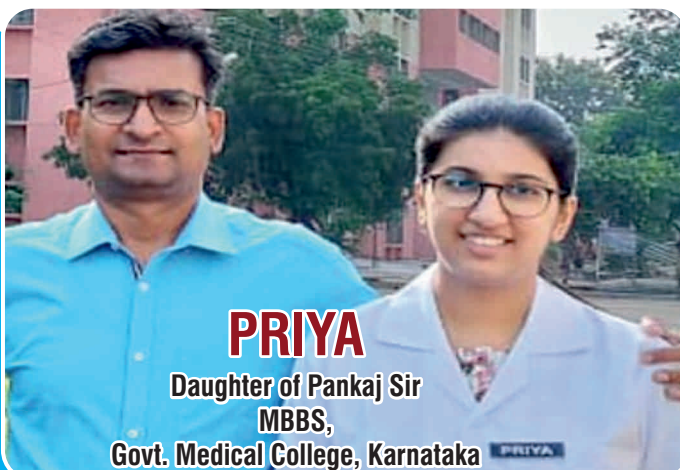

CRASH COURSE FOR XII STUDYING OR XII PASSED

FEE DETAILS	
Lumpsum Amount	Rs.2,50,00 + GST @ 18%
Total Course Fee (2 Installments)	Rs.27,000/-
1st Installment	15,000/-
GST @18%	2,700/-
Total	17,700/-
2nd Installment (After 1 Month)	12,000/-
GST @18%	2,160/-
Total	14,160/-

TEST SERIES FOR NEET – (DURATION 4 MONTHS)

- ◆ Part Test (Total 8 Test)
- ◆ Full Syllabus Mock Test (Total 09 Test)

FEE DETAILS	
Total Fees (Online)	Rs.999 + GST @ 18%
Total Fees (Offline) (T & D Program)	Rs.4999 + GST @ 18%

PREVIOUS TOPPERS TESTIMONIALS

**AIR-1
AIPMT
2012**

Frankly my organic chemistry wasn't good in 11th. I got every reaction order wrong in the class & it really depressed me. But I hung on & never left studying it. I asked doubts from Vivek Sir who had seen some patients to repeat it again. I never because it's it become weak enough to be a point.

Rishabh Jain
(AIR-1 AIPMT)

"Vivek Sir had a profound influence on my NEET and AIIMS preparation. He transformed Organic Chemistry, a subject I once dreaded, into one I could understand clearly and approach with confidence. His lectures were articulate, engaging, and easy to follow, with in-depth explanations that helped me not only master medical entrance questions but also tackle JEE Advanced question banks effortlessly. His notes were concise yet comprehensive, covering every high-yield concept—a true goldmine for entrance preparation. Beyond lectures, he was always available to clarify doubts and patiently address queries, which greatly strengthened my learning. His motivating words during lectures kept me inspired and looking forward to every class. I feel truly honored to have learned from him. His guidance and mentorship was instrumental in helping me secure AIR 8 in AIIMS and AIR 20 in NEET 2018."

Amulya Gupta

My entry into AIIMS, New Delhi just won't have been possible without Vivek Sir's help. His expertise and perfect methodology of training a student towards perfection has been the secret to my success. His amazing tendency to explain every topic right to the core helped me clear nearly all of my many doubts. Not only this, but the way Vivek Sir tests a student and reminds him of the things he is forgetting makes it practically impossible to forget anything twice. The detailed organic mechanism and hour-long discussions on topics and questions helped me not only to memorize the concepts, but also to understand them. Thank to Vivek Sir, not only the MCQ's, but also the assertion and reason gradually became easier to handle. Moreover, he made chemistry - organic, physical and inorganic - seem more interesting than what books could. I really owe my success to Vivek Sir, his determination, help and expertise. Not only me, but also my brother, Ekansh Gupta (also in AIIMS) owes his success in 2013 Medical entrance exams to Vivek Sir's understanding of chemistry and comprehensive methods of teaching.

Mehul

Mehul Gupta

AIIMS AIR 26

Since I want to express my heartfelt gratitude for the incredible support and guidance provided by Pankej Sir during my Physics preparation.

Your meticulously planned revision schedule played a crucial role in organizing my studies & ensuring that I could cover every topic thoroughly. The clarity & structure of plan made the vast syllabus manageable & helped me revise efficiently.

Beyond just academics, Sir's constant motivation kept me going during times of self-doubt. The way u encouraged us to stay calm & composed, especially while talking about handling exam pressure & building the right temperament, truly made a difference.

Your extra tips - to avoid silly mistakes, manage time, "natural speed" and interpreting tricky questions - gave me an edge during NEET 20.

Most importantly, your way of explaining concept was clear, logical and memorable. Even the most hard topics like Ray Optics as for me became understandable coz of your teaching. You specifically asked us give list of our weak concept & you paid extra attention while teaching them. The pace of teaching is always constant giving adequate time for each chapter.

Thank u once again Pankej Sir, for being more than just a teacher - for being a mentor, guide & source of strength. I will always remain grateful for your efforts & dedication.

Organic Chemistry by Vivek Sir became scoring subjects for me due to their deep knowledge in their subjects and to bring out their complete knowledge in a simple way in the class.

Parth Nehra
AIR - 1372

To begin with, I would like to express my immense gratitude towards my chemistry teacher Vivek Sir who were greatly helpful throughout my journey. The concepts taught in class, the questions discuss the tips & tricks to approach the questions were straight forward & accurate with no place for error. A special mention has to be the way Vivek Sir predicted NEET-2025 question paper way before the actual exam which made me be prepared for what's coming next.

The way sir emphasized on being two steps ahead of NEET-exam did wonders and helped me score good marks in the actual examination.

I would once again like to thank Vivek Sir for his year long efforts he put up on us & for being someone we could truly rely on with our eyes closed.

Tougher organic Chemistry, simplified by Vivek Sir in a way that is was like a cakewalk. Amazing concepts and the methods of dealing with questions not only helped score well but also saved time by attempting quickly.

PREVIOUS TOPPERS TESTIMONIALS

Vivek Sir has played an irreplaceable role in my academic journey, and I feel truly fortunate to have been mentored by him. His unending patience and calm demeanor created a space where I never hesitated to ask questions, even the ones that felt silly. One of the things that stood out the most was his exceptional clarity of concepts, especially in physical chemistry, where he made even the most challenging topics feel logical and manageable.

What makes Sir truly remarkable, beyond his knowledge, is the way he connects with his students emotionally. Organic chemistry had always been my weakest subject, and after repeatedly scoring low, I began to lose confidence. With Sir's deep understanding of the subject and years of experience guiding students through this competitive exam, he knew exactly how to approach my difficulties—breaking things down, repeating patiently, and giving me the belief that I could master it. Slowly but surely, he turned my biggest weakness into something I could finally feel confident about.

There were also times when anxiety would take over, especially as exams approached, and I felt like I was falling behind. In those moments, Sir always calms me down and brings me back to balance. He once said that in exams focus only on solving questions, not on marks—this reduced my anxiety during my exam and I started to focus on concepts, not on marks. His words carried not just academic wisdom but emotional reassurance. And when self-doubt crept in, he was consistently motivating, reminding me of how far I'd come and how much more I was capable of.

Even in the final days when pressure was at its peak, Sir's encouragement never faded. Thank you Sir for being more than a teacher. I will always carry your lessons beyond exam hall.

I am Govv Budhizaja
I studied from Simplified Physics in class 11 and 12. It is the best institute for Physics in Delhi. Pankaj Sir is very experienced and has a very good way of teaching. Regular tests and doubt discussion are held. He helps us to understand difficult concepts by giving real life examples. Entrance classes are also very nice and one can easily do well in JEE and NEET by opting for Simplified Physics.

Total Marks \rightarrow 677 out of 720
All India Rank \rightarrow 774
Got admission in MAAC.

Vivek Sir,
I would like to express my gratitude towards you for your valuable guidance throughout the NEET journey. Especially in the subject like chemistry which felt very heavy at times ended up being way easier and moderate to pass through. The depth of concepts you provided beyond the surface level of NCERT really built as the base for understanding the book and concepts even better. Beyond the conventional studies, the tips and tricks you provided really helped out in the journey and I particularly liked the way you delivered such vast chapters through simpler pointers in notes, that even included thorough practice of questions within the lecture itself. The crisp and clear content you provided really made the subject feel doable and achievable. And the subtle motivation you provided within the classes through the anecdotes of your previous students was way more realistic and commendable. In my resting words, I would really like to thank you for being an important pillar in the path of my selection and journey of being a doctor...

AIR - 12946

Pankaj Sir taught me Physics in 12th class, back in 2004. Coming from a humble family, I was relying on the competitive exams preparation on my own by reading from various books and borrowed notes from my friends. But when I joined Pankaj Sir's class in 12th class, my level of preparation reached another level. Pankaj Sir not only helped me learn 12th class course, but also often clarified and taught various 11th class subjects too during extra time. He encouraged me to solve many problems leading to a very high confidence in my preparation. Fortunately, I cleared JEE/NT exam, AIEEE and CBSE PMT (I had biology in my high school). I chose NSIT and did my undergrad from 2005-2009 in electronics engineering. I joined ADOBE after graduation and now working at META (facebook) since last 11 years in USA.
I wish Pankaj Sir and his team for "VIDYAM".

REFUND POLICY

Vivekvidyam Classes Pvt. Ltd.

Vivekvidyam Classes Pvt. Ltd. follows a transparent and fair refund process. Parents/guardians are requested to read the policy carefully before admission.

1. Refund Application Procedure

Refund requests must be submitted in writing at the institute office.

The date of submission of the written application will be considered for refund calculation.

Verbal communication or phone/email requests will not be treated as valid refund requests.

2. Non-Refundable Charges

The following fees are non-refundable under any circumstances:

Registration Fee

Admission Processing Charges

Scholarship / Test Fee (if applicable)

Study Material Charges (once issued)

Technology / Portal Access Fee (once activated)

3. Refund Structure (Excluding Non-Refundable Charges)

Before batch commencement – 100% Refund

Within 7 days of batch start – 75% Refund

Within 14 days – 50% Refund

Within 21 days – 25% Refund

After 4 weeks – Refund on Pro-rata basis

4. Pro-Rata Refund Calculation

Refund Amount = Total Fee Paid – Cost of Classes Attended

Cost of Classes Attended = $\left\{ \frac{\text{Total refundable courses fee}}{\text{Total days for syllabus completion}} \right\} \times (\text{No. of days Attended})$

5. Scholarship Cases

Refund will be calculated only on the actual amount paid by the parent.

Scholarship benefits are not separately refundable.

If scholarship terms are not fulfilled, refund eligibility may change accordingly.

6. Mode & Timeline of Refund

Refund will be processed within 15–21 working days from approval.

Payment will be made via Bank Transfer or Account Payee Cheque.

Refund will be credited only to the parent/guardian account provided at the time of admission.

7. Important Conditions

No refund shall be granted in cases of disciplinary action or violation of institute rules.

Study material once issued cannot be returned.

All disputes shall be subject to local jurisdiction.
